

## Spy Camera Room Jammer (SCR Jammer)

### Introduction:

SCRJ utilizes unique and intelligent technique that Jams wireless signal communication transmitted secretly between Spy Camera and the Audio Video transmitter.

### Features

- Palm size for easy carry.  
Size: L 142 x W 71 x T 24 mm
- Built-in rechargeable battery can be used for 1.5 hours outdoor
- Switching power adaptor input for long time use.

### Important Note

The jamming area is influenced by the location of the cell tower and the obstacles between cell tower & the cellular jammer.

It means that in normal condition if the distance is close between the cell tower & the cellular Jammer, it will have very less jamming area. Likewise, if there are obstacles & walls between the cell tower & the cellular phone, the jammer will give more jamming area.

### Specifications (SCR Jammer)

<b>Jamming Range</b>	5-15 meters radius (Depends on signal strength, at the site to be jammed)
<b>Cellular Systems</b>	2.4 GHz
<b>Power Supply</b>	100-300VAC DC 12V@1.0A
<b>Dimension</b>	L 142 x W 71 x T 24 mm
<b>Net weight</b>	216gm
<b>Antenna</b>	Swivel type 360 degree rotary adjustment and 90 degree adjustment
